LETTER (Cont'd)

passed and yet, to my knowledge, no one has rediscovered this azure flowered beauty. In 1961, I distributed seed of Hibiscus coccineus, a Florida native, to friends living in Rio de Janeiro, Brazil, Salisbury, Southern Rhodesia; and the Cape Province, Union of South Africa. At an earlier date, I sent seed of it to a friend in Lyksele, Sweden. Perhaps someone living in Australia, will rediscover and distribute seed of Hibiscus azureus.

Yours very faithfully,
Larry Childers.

PLANT RAFFLE

Time has come again to beg. Will all those who have a plant or two, or three, or four, or whatever you can and would like to bring for the plant raffle be sure to stick them in the car and bring them along to the annual meeting in June.

The raffle will be a little different this year. Each member will have only one ticket. This will be in the book that is being sold for $1.00 as a fee to pay for the hospitality hour etc. Also this will assure more people of getting plants. In the past some of the luckier ones have had several tickets and then won several plants. Only one to a customer this time.

"It's too bad he's gone," consoled the friend. "I hope you were left with something."

"Oh, I was," replied the widow. "He left me $50,000."

"Fifty thousand dollars! Land sakes. And him that couldn't read or write!"

"That's right," nodded the widow, "or swim."
